Supervisory Committee Report

The Supervisory Committee of Coconino Federal Credit Union works in conjunction with the Board of Directors to monitor and review the Credit Union's accounting procedures and practices. Our aim is to ensure all fiscal operations are performed accurately and in compliance with appropriate rules and regulations. A member of the Supervisory

Committee is also a member of the Board of Directors. To assist the Committee, we retained the services of CliftonLarsonAllen LLP (independent audit and accounting firm), to perform our annual statutory oversight procedures as of June 30, 2021. The agreed upon procedures are required by the National Credit Union Administration. The Super-

visory Committee is pleased to report that your Credit Union is financially strong and its fiscal operations are in compliance with the Credit Union's charter, federal regulations, and sound business practices.

Respectfully submitted, Dennis K. Lavin Chairman

President's Report

You are the only reason we exist and serving you continues to be our greatest privilege.

Excellence

Thank you for your continued membership with Coconino Federal Credit Union. You are the only reason we exist and serving you continues to be our greatest privilege. We have been serving Coconino County since 1955. The only local financial institution located in Coconino County, we are the original bank local choice!

Banking local means your money stays here in your community; loan decisions are made here by people like you in our community. Your local Board of Directors sets the policies and direction of the credit union with you in mind and to make sure we are around for a very long time.

As we return to a new normal, we won't forget the lessons the last two years have taught us. We are stronger together and we can help each other through the difficult times. That is what "People Helping People" is all about.

We are always working to add more value to your credit union membership by adding and improving products and services. Some recent additions:

- 1. New app for mobile banking.
- Apple, Samsung, and Google Pay with the credit union VISA debit card.
- Texting ability to communicate with

accountholders.

We have some projects in the works that we are so excited about, look for more information on those in the near future.

As we look to the future there are still challenges ahead. You can rest assured that whatever comes our way Coconino Federal Credit Union will be here service our members and our community.

Thank you for your membership!

Jennifer R Harris
President/CEO

Dear Coconino Federal Credit Union owners:

Once again, the last year presented its own set of unique challenges. While the pandemic continues to shape our world, business has tried to return to some sort of normal. Most of us have adjusted to these changes. On-line and remote meetings are now common, and many of us have worked those into our everyday routines.

But change continues to happen all around us. Sometimes it seems to be happening more rapidly, but as your credit union board and staff, our goal continues to be building lifetime relationships with our members. We strive to meet your financial needs while delivering services that treat you like family and enhance your quality of life. We want to provide the best customer service in the industry, not just hand your request on to someone else.

Some of these changes from this past year include continued streamlining our loan underwriting and approval process. In some cases, getting a loan approval to a member in minutes.

We are also working on adding new products and services. Keep watching as we announce the new changes in the coming months.

While we are adding new products and services, our goal is not just growth. We always try and keep in mind that bigger is better only if it has a purpose and continues to meet our members' needs.

Our volunteer board has had changes as well. Recently, Mark Alexander stepped down after many years of service. We have some interest in that seat, but there are always opportunities for a member to get involved. Participating in your credit union's board of directors or other committees, is a great way to participate in you community.

As the Chair of the Board of Directors, I represent only a small part of a team of volunteers and fabulous employees who continue to provide Coconino Federal Credit Union with hard work and dedicated service for our members. Without all their efforts and continued dedication, our credit union just wouldn't be the same.

Coconino Federal Credit Union continues to be the only locally operated Credit Union in Flagstaff. We recognize that there is more to success than profit, and we know you have a choice as to whom you use as a financial partner. On behalf of the employees and board, thank you for choosing Coconino Federal Credit Union.

Sincerely,

John Winikka, Board Chair

We strive to meet your financial needs while delivering services that treat you like family and enhance your quality of life.
